

BOARDING ESSENTIALS APPEAL

Your support is highly appreciated...

Project Overview

The Rudolf Steiner School has a boarding facility which accommodates 120 children both boys and girls. The majority of the children come from very far places and difficult circumstances. It comprises children whose families are dysfunctional to an extent that we take children in to the boarding for their own safety. We offer a secure and safe environment where children are assured of warm healthy meals and a good night sleep on a comfortable bed.

Project Objective

We have a great need because our boarding children do not have the bare essentials, some children come to the boarding only with what they are wearing; personal care items are a struggle for their families to find. The school incurs at least KSh 100,000 as costs to purchase only the basics.

We continually aspire to keep a boarding facility which offers a wonderful home environment for our children. It helps make them to be ready for learning. Due to prevailing financial circumstances of their parents, most children are not provided with the following essentials:

Toiletries for a child: For basic hygiene, soap, washing powder, toothpaste, pads, tissue papers and towels are necessary. Cleanliness is a basic requirement for growth and development.

Clothes: We constantly need clothes and shoes for our children who are growing very fast. School uniform is also necessary. Help us keep our children presentable and confident.

Blankets and bedsheets: A comfortable and warm bed means deep and healthy sleep for all. The nights of June, July and August are cold and keeping warm at night is a struggle. A well-rested child is ready for learning.

Mosquito nets: Mosquito nets are a huge need for us especially due to our physical location. Health is very important for our children.

Indoor and outdoor games: Scrabble, table tennis, board games, cards, balls etc.
